## Connaught Community Partnership Research Program

February 16, 2023 • Reply to [Michael Hussey](#)

This initiative aims to help create new or nurture early-stage research partnerships between the University and community partners by supporting research projects driven by the community partners' needs and priorities. Funded partnership projects will equitably engage community partners and let non-academic organizations and university researchers access each other's unique knowledge, expertise, and capabilities on issues of mutual interest. Partnerships supported should show potential to evolve into more established relationships that will attract funding through external agencies, for example, the SSHRC Partnership Grant programs.

### Value and Duration

Projects can request up to \$50,000 per year for one or two years, for up to a total of \$100,000.

A total of \$300,000 is available through this competition.

### Applications and Deadlines

Applicants are required to submit a Notice of Intent (NOI) by **March 15, 2023**, to the Connaught Secretariat at [connaught.secretariat@utoronto.ca](mailto:connaught.secretariat@utoronto.ca).

Full applications are due **May 1, 2023**, and must be submitted via [MRA](#) (My Research Applications).
